

# condicional

## condicional zero :

An event that always happens a fact = 100% of the times.

(**present simple**) + (**present simple**).

example:

- if you heat ice, it melts.
- ice melts, if you heat it.
- if you cut a tree, it falls.

## first condicional :

Real possibility

(**if + present simple**) + (**simple future**).

example:

- if i speaking english, i will get a good job.
- if i buy an apple, i will eat a fruit.
- If I work, I will earn a lot of money

## second condicional :

Unreal possibility

(**subyective past**) + (**would + verb**)

example:

- if i had money, i would be rich.
- if i were the president, i would be a good president.
- if i were you, i would be die.
